Reason for access:

Choose your worker type from the drop-down menu (see definitions link on our website for more info). Then click “Next”

Have you previously submitted a Fermilab Access Request form, or have you ever had a Fermilab ID badge or a Fermilab computing account?

We need to know if you have had access (computing and/or ID badge) with us before so that the systems don’t create a duplicate profile and Fermi ID number for you.

If you have had access in the past but do not remember your ID number, please email SOC@listserv.fnal.gov and we will be happy to give that to you.

If you have not had access with us before, select “No” and then click “Next.”

If you have had access with us before, select “Yes,” and then select how you want to link your previous profile/Fermi ID to this form.
The option that you pick from that drop-down will then prompt a new field for you to enter that information: email address, phone number or Fermi ID number (must be 5 digits plus V)

Enter your information (email, phone, ID number) and a pop-out window will appear with information associated with that email/phone/ID.

- If this information is correct, click “Confirm.” You can also use the drop-down to pick a different profile.
- If it is not correct, click “Cancel” and email SOC@listserv.fnal.gov for help.

Click “Next” at the bottom right when you are done

Do NOT check the box next to “Please check box if you are a member of the public or have no home institution or employer” unless you are coming onsite for an employment/job interview. Otherwise, you MUST have a home institution / employer in order to come onsite.

The Home Institution / employer list is a search field.

- Click on the magnifying glass to the right to open the search box.
- In the screen that pops up, you can type part of the institution name and hit enter. Then click on the correct institution in the results that appear. This will auto populate the address of the institution, if it is already in our database. If it is not, you may need to enter the address information for the institution.
- If your home institution is not on the list, pick “Other” and type in the institution information. This may slow the approval process down (it can add 2-4 weeks), since it will then need to go through an Agreements review process between Fermilab and the institution.
