Reason for access:

Choose your worker type from the drop-down menu (see definitions link on our website for more info). Then click “Next”

Have you previously submitted a Fermilab Access Request form, or have you ever had a Fermilab ID badge or a Fermilab computing account?

We need to know if you have had access (computing and/or ID badge) with us before so that the systems don’t create a duplicate profile and Fermi ID number for you.

If you have had access in the past but do not remember your ID number, please email CampusAccess@fnal.gov and we will be happy to give that to you.

If you have not had access with us before, select “No” and then click “Next.”

If you have had access with us before, select “Yes,” and then select how you want to link your previous profile/Fermi ID to this form.
The option that you pick from that drop-down will then prompt a new field for you to enter that information: email address, phone number or Fermi ID number (must be 5 digits plus V)

Enter your information (email, phone, ID number) and a pop-out window will appear with information associated with that email/phone/ID.

- If this information is correct, click “Confirm.” You can also use the drop-down to pick a different profile.
- If it is not correct, click “Cancel” and email CampusAccess@fnal.gov for help.

Click “Next” at the bottom right when you are done
**User Affiliation:**

Point of Contact: this is the contact person who you are working with at Fermilab and who can vouch for your identity and affiliation (you will be asked to provide a home institution point of contact later on this form).

Click on the magnifying glass to the right of the field to search for your Fermilab point of contact.

On the screen that pops up, type part of the person’s name in the search field and hit “enter.” If you have trouble finding your POC on this list, try searching by just the first name or just the last name.

Click on the person’s name to select them.

Fermilab Experiment, Project, Division, or Section affiliation: if you are unsure, ask your Fermilab contact for help.

This is a drop-down menu in alphabetical order. If you have trouble finding an experiment that you believe should be on this list, email CampusAccess@fnal.gov for help.
If you are working with more than one affiliation, please list additional ones in the next field by clicking the magnifying glass and searching for additional affiliations (you can repeat this step to add more).

Professional Class: *Please do NOT pick “Visitor – DOE,” unless you are an employee of DOE.*

This is a drop-down menu in alphabetical order. Pick the title that best describes your work with Fermilab.

Describe the research and/or technology you will be working on at Fermilab. This field is required; please be specific so that the approvers understand why you are requesting access.
Funding for Per diem, lodging, car rental, travel, or none:

You MUST check a box (check “None,” if these don’t apply). If you are receiving reimbursement funds for any of these items from Fermilab, please check the appropriate box(es). If you check any of these boxes, this is not a reservation of those services (i.e. this does NOT serve as rental car or Lodging reservation); you must also complete those additional processes outside of this form.

Access to Fermilab’s Computing systems. Affiliates/Users automatically get computing access. Please put the dates that you need access. Click on the calendar symbol to the right to choose the dates.

- If you are renewing your access, these dates will auto-populate your current expiration date as the “From” date and one year from that as the “To” date.
- If you are new, you can put up to one year for your date range.
- **You will only have access for these dates**, even if you previously had a longer access date.
  - For example, if your current access end date is one year from now but you put only 6 months from now as the “To” date on this form, your access will end in 6 months rather than one year. (your most recent access request determines your dates)
Will you be coming onsite to Fermilab?

If you will be onsite, you are REQUIRED to have an ID badge, so please answer “yes” and put the dates you need a badge for.

If you answer “no” to this question, click “Next” and move on to the next screen.

- These dates will auto-populate to match the computing dates that you entered above; you can edit them, if you need/want to
- You can put up to one year for the date range.
- If you will be coming back and forth to the lab throughout the year, put one year for your dates and then answer “Intermittently” to the next question.
- If you will be at the lab for the duration of the dates you put on this form, pick “Continuously” on the next question.
What Fermilab business site will you be located at? The only options are Batavia, Illinois or Lead, South Dakota.

Primary work location: ask your Fermilab contact for this information, if you don't know it. If you/your contact are unsure, choose “Don’t Know.”

Will you be requesting Fermilab Housing? Answering “Yes” to this question is NOT a reservation of Housing; it only alerts Housing that you are approved to be onsite for the date range on this form. You will still need to follow the Housing process in order to reserve your lodging.

Click “Next” at the bottom right when you are done.

- If your home institution is not on the list, pick “Other” and type in the institution information. This may slow the approval process down (it can add 2-4 weeks), since it will then need to go through an Agreements review process between Fermilab and the institution.
