Please note that the experiment spokespersons will review requests and assist with prioritization. Once that is complete, the Housing Allocation Committee (HAC) will review the prioritization and approve requests based on the Chief Research Officer's (CRO) laboratory prioritization. Approved requests will be communicated by the Fermilab Housing Office beginning in March. All individuals approved for housing must ensure that they follow and adhere to the [Housing Eligibility Policy](#) and [Housing Procedures](#). If you have questions regarding the allocation process, please contact Housing@fnal.gov.
